1. The SCHEDULE OF PARTICIPATION will be used to determine whether the bidder has complied with the DBE goals of the project.
 - a. Where a numerical goal greater than 0% (zero percent) has been assigned to the project, those bids that do not contain a Schedule, or contain a blank Schedule, may be considered nonresponsive and rejected. Those bids containing a Schedule that is incomplete or does not meet the assigned goal may also be considered nonresponsive and rejected. In any case where the apparent low bidder does not comply with the assigned project goal, a determination will be made within 48 hours of the bid opening, based upon the good faith efforts (Good Faith Efforts are outlined in the MDT DBE Program).
 - b. DBEs not certified by MDT prior to the date the bids are opened will not be considered in determining whether the bid has complied with the goals.
 - c. Where a numerical goal of 0% (zero percent) has been assigned to the project, bidders are encouraged to utilize the Schedule to indicate a commitment to using a DBE for a portion of the work in the project.
2. The BIDDER'S LIST will be used to gather information for use in determining appropriate DBE goals for upcoming fiscal years. Each firm, bidding on prime contracts and bidding or quoting subcontracts on federally-assisted projects MUST submit a completed Bidder's List within 48 hours of the bid opening. If the prime contractor has not received any bid or sub-quote information, the prime bidder must indicate NONE on the Bidder's List.
